

A BIG RED FELLA IN THE CHIMNEY

There's a big, red fella in the chimney,
somebody's gotta call the cops!

Gotta get him outta there
(‘cause it's gettin' hotter there)
before that chimney pops!

It's a crazy, silly situation. I'm calling 9-1-1.
‘Cause a big, red fella in the chimney's really
not
a lotta fun!

What does he think he's doing?
That's not what a chimney's for!
There's no use boo-hoo-ing,

but why can't he use the door?

What does he think he's trying?

He's way too big for that!

We'll have to keep on prying,

this fella's way too fat!

There's a big, red fella in the chimney,

somebody's gotta call the cops!

Gotta get him outta there

('cause it's gettin' hotter there)

before that chimney pops!

It's a crazy, silly situation. I'm calling 9-1-1.

'Cause a big, red fella in the chimney's really
not

a lotta fun!

Somebody bring me a crow bar!

Somebody get some wax!

How 'bout a plunger? A ladder? A diet!

Somebody get me an ax!

What does he think he's trying?

He's way too big for that!

We'll have to keep on prying,

this fella's way too fat!

There's a big, red fella in the chimney,

somebody's gotta call the cops!

Gotta get him outta there

('cause it's gettin' hotter there)

before that chimney pops!

It's a crazy, silly situation. I'm calling 9-1-1.

'Cause a big, red falla in the chimney's

really not a lotta ,

it's getting' hottta, not a lotta fun!

He's gonna blow!
